

VICE DEAN FOR EDUCATIONAL AFFAIRS

Key Roles and Responsibilities

- Advises and supports the Dean by providing leadership, coordination, accountability, and oversight over the academic programs of the School of Medicine (SOM) including undergraduate medical education (UME), graduate medical education (GME), and continuing medical education (CME).
- Leads, organizes, and coordinates the process for accreditation of the School of Medicine including the Liaison Committee on Medical Education (LCME), Accreditation Council for Graduate Medical Education (ACGME), and Accreditation Council for Continuing Medical Education (ACCME).
- Develops and applies measures of educational quality and quality improvement related to each academic program in line with progressive best practices across top tier medical schools and academic medical centers.
- Leads in the development of innovative, future-oriented educational programs; meeting accreditation standards; and forging effective inter-and intra-professional partnerships with faculty and staff to fulfill the SOM academic mission.
