

Guy Bailey
Founding President

MEMORANDUM

To: Ms. Michelle Alvarado
Chair, Student Fee Advisory Committee (SFAC)

From: Guy Bailey *GB*
President

Date: May 13, 2016

RE: **Fiscal 2017 Student Services Fee Funding Recommendations**

Thank you for your efforts in leading the committee in the development of its recommendations for the allocation of Student Services Fees (SSF) for fiscal year 2017. I know how challenging it is to prioritize needs and after reading the report was glad to see the thoughtful consideration the committee gave to the various activities under review. I am approving the committee's recommendations with one exception.

As the committee recommended a reduction to athletics, "in order to fund student activities supported by the committee" I asked that the committee's recommendations be included in the budget but that revenue above that needed to meet the committee's recommendations be considered as a source to assist in balancing the athletics budget.

I ask that you continue to communicate with the planning and analysis office in order stay informed of the SSF budget since items such as benefit estimates or personnel changes may require the P&A office to make adjustments. Please do not hesitate to bring concerns to my attention.

C: Dr. Kristin Croyle
Mr. Martin Baylor
