EXPERIENCE

UTRGV Science Department – *Research Assistant*

AUGUST 2019 - PRESENT

- Currently conducting a research which is a continuation of the master student whom I was helping during the summer on the impact of nematode's populations on certain parts of the LRGV and their association with certain weeds.

UTRGV Science Department – *Research Assistant*

June 2019 - August 2019

- Assisted a graduate student summer of 2019 with his project on the impact of nematode population on soils in the LRGV
