Degree Info

The Bachelor of Arts in Theater with focus on Theater/Television/Film prepares a student to work in the arts and entertainment industries, in either live theater or recorded media such as film, television, commercials, and music videos. Depending upon their concentration within the program, students may be prepared for performance or direction in multiple media; theatrical design and technical production jobs; and/or film and television production. The BA in Theater also prepares students for entry into graduate school or secondary education. Other employment opportunities in related fields, such as advertising and development, exist due to the liberal arts emphasis of this degree. Students also gain social skills, including teamwork and project leadership that are valuable to employers in any field.
