Graduation requirements: Minimum 58 credit hours and 2.50 GPA in Major Requirements; At least 28 upper division/advanced hours in biology major and 42 advanced overall.

- If you have any problems during registration, please contact the Department Chair immediately to see if the problem can be fixed at the departmental level.
- Biological Communication (BIOL 4400) is a capstone course. You will need to have senior standing and have completed 15 upper level hours of Biology in order to take it.
- Plan ahead for the courses that you want to take in the future so that you can be sure to complete all prerequisites before registering.
- Know your degree plan backwards and forwards so that you know exactly what you need to do to graduate. If you need assistance, please see your advisor or the **Department Chair.**
- Be sure to register for classes as soon as possible as upper level courses fill up quickly.
- Make your education a high priority in your life!

MILESTONES	 UTRGV has a Writing Center and a Learning Center. Make it a point to visit them! Complete your core English classes (section 010) during your first year. Complete 30 credit hours every year in order to graduate in 4 years. Shoot for a GPA of 3.5-4.0. If you are pursuing a healthcare profession, you will need a competitive GPA. Take MATH 1342 or 1343 in your first year. 	 Shoot for a GPA of 3.5-4.0. Complete major foundation classes, such as Ecology, Evolution, and Genetics. Complete 30 credit hours. If pursuing a healthcare profession: During summer register for a summer enrichment or graduate/professional school entrance exam prep course. 	 Shoot for a GPA of 3.5-4.0. Complete 30 credit hours. Have you landed an internship or acquired research experience? This is the year to make it happen. Register for the entrance exam for the graduate/professional school you are pursuing (MCAT, DAT, GRE, etc.). 	 Shoot for a GPA of 3. "I have a plan for aft great! If not, visit you Register for your Cap 4400. Complete at least 30 Submit your applicat school, an apprentice
ADVICE & SUPPORT	 Meet with your academic advisor and bring your orientation folder with you to every session! Choose a major with confidence- Visit my.UTRGV.edu and check out MyMajors. Visit a faculty member during their office hours and ask a question about the ideas discussed in class. Cultivate professional relationships with faculty in your major. Classes fill up fast. When registration opens, be sure to register on the first day for your group. Cold or flu getting you down? We have Student Health Services on campus with free office visits. 	 Want to explore different careers? Check out MyMajors! Come ready with course suggestions and questions when you visit your academic advisor. Afterwards, introduce yourself to the health professions faculty advisor. Visit the Communication Hauser Lab for help with your speeches. Continue to nourish professional relationships with faculty in your major. Trouble making your tuition payment? The Financial Aid Office can help. Payment plans and emergency loans are also available. 	 Seek out research opportunities. Visit our website (www.utrgv.edu/biology) to see faculty research. Contact a faculty member and discuss joining their lab. Check DegreeWorks to make sure you are on track for graduation next year. Apply for internship and/or job shadowing opportunities. Discuss this with your advisor, faculty mentor, or Career Center. Discuss potential letters of reference with your faculty mentors. Schedule an appointment with the health professions faculty advisor to discuss future goals. Come prepared with questions and discuss applying to health professions schools. 	 Engage in an indepe internship to comple Research Problems. Discuss future plans that includes employ Apply for graduation anticipated date. Vis ensure you are on tr Join a professional o Sciences
APPLY WHAT YOU LEARN	 Look for a service-learning course! For guidance, visit Engaged Scholarship & Learning Office. Participate in a campus-sponsored community service project. Ask a student in class to study with you. 	 To find undergraduate research opportunities, visit the Engaged Scholarship & Learning Office. Consider attending the LeaderShape Institute or attend the Engaged Scholar Symposium. 	 Go show off your research, service-learning or creative works at the Engaged Scholar Symposium! Sharpen your writing skills! Visit the Writing center or become the secretary for your organization. 	 Continue to present Engaged Scholar Syn meeting. Set up an informatio (especially an alumn work in.
GLOBAL, CAMPUS & COMMUNITY ENGAGEMENT	 Set up your profile on the Engagement Zone through My.UTRGV.edu. Attend a diversity based campus or community event (e.g. MLK Day of Service). Attend a departmental program such as invited seminar speakers. Join a student organization such as the Pre-Med/Bio-Med club! Visit VLink (utrgv.edu/vlink) for options. 	 Look at study abroad opportunities! Consider going to some place exciting! Check out or volunteer for a cultural campus or community event such as HESTEC or FESTIBA. Join another student organization. Perhaps VLink or visit VLink for options. Check out a campus event that offers free lunch- bring a friend! 	 Consider serving on a campus life/community committee or become a student leader and make a difference. Visit VLink or speak with your Student Government Association for more information! Travel the world! Look into study abroad opportunities at Office for International Programs & Partnerships. 	 Identify employers of fairs, online, at on-caragencies, etc. The Caragencies, etc. The Career Cancer Center or speet Hauser Lab.
LIFE AFTER GRADUATION	 Create a résumé and set up your profile on the Handshake icon: (My.UTRGV.edu). Got summer plans? Visit Career Center or the student organization in your intended field (e.g. pre-Vet Club) and ask about places to do some job shadowing. Research shows that students who work on campus perform better than those who work off campus. Look for a job on Handshake! Check your UTRGV email for the daily Messenger- locate and attend one student workshop. 	 Update your resume in Handshake and have it reviewed. Visit the Career Center site to find a job fair to attend. At the event, approach a recruiter and discuss internships. Explain to someone how your academic program aligns with your strengths and interests. If you are pursuing a health/medical field, begin shadowing healthcare professionals. 	 Check out the Biology department website for postings on career/graduate school. Think about three people you can ask for letters of recommendation (professors, mentors, advisors, supervisors, etc.). Give them at least two weeks' advance notice! When is the deadline for your graduate school application? Visiting the program admissions webpage. Most do not accept late applicants! 	 Have you received you an employment offee Career Center, and g Formulate and implee graduation: attend c fellowships, etc. Update your informat alumni mixers, event Center services! Remember to do you studentloans.gov.
