Student Union (ESTUN)

## ABOUT US

The UTCRS STEM Summer Camps at UTRGV introduce students in grades 3-12 to transportation engineering and real-world problem-solving through fun, hands-on STEM activities. Students explore topics like robotics, sensors, and magnetic levitation while building critical thinking and collaboration skills.

## OUR COMMITMENT

We are committed to providing an engaging, inclusive learning environment where all students can explore STEM concepts, discover new interests, and gain early exposure to careers in engineering and transportation.
