4. You will see a list of your assigned courses from past, current, and future terms under **My Courses** arranged in ascending order by CRN.

My Courses								Search
Grading Status	Rolls	Subject	Course	Section	Title	Term	CRN	
Not Started	Not Started	INFS - Information Systems-INFS	6350	01V	Bus Intelg & Data Warehousing	202133 - Summer 2021 Module 1	33016	
Completed	Not Started	INFS - Information Systems-INFS	6353	01V	Social Media Analytics	202133 - Summer 2021 Module 1	33017	

5. For instructors with larger course lists, it is recommended to use the search box to search by term name and year to pull up your current courses. (Ex. Typing in Spring 2021, Spring 2021 Module 1 etc....)

6. The **Grading Status** column shows your progress in entering grades. Below are brief definitions of each status.

- **Completed:** indicates that all grades for this section of the course have been submitted.
- **Not Started:** indicates that no grades for this section of the course have been submitted.
- **In Progress:** indicates that some but not all grades for this section of the course have been submitted. This will include any dropped grades of DR or W that have already been posted to a student's academic record.

- When ready to submit grades, go to the **My Courses** section and click anywhere in the course row to select the course.

Completed	Not Started	INFS - Information Systems - INFS	6333
Not Started	Not Started	FINA - Finance - FINA	6303
Completed	Not Started	INFS - Information Systems - INFS	6333

- After selecting the course, the course row will be highlighted, and the class roster will display below it.

When submitting a grade of F, the official last day of the term per the Academic Calendar will be automatically populated; BUT if the F is based on the student having stopped attending, change the populated date to indicate the last day attended by typing over it.

Search

Full Name	ID	Midterm Grade	Final Grade	Rolled	Last Attend Date if Student Stopped Attending	Hours Attended
Student 1	00000001					
Student 2	00000002					

- Select the grade from the **Final Grade** drop-down menu for each student.

10. When submitting a grade of “F”, the official last day of the term per the academic calendar will be automatically populated; BUT if the “F” is based on the student having stopped attending, change the populated date to indicate the last day attended by typing over the date or by using the calendar icon. Instructors may use attendance indicators such as Blackboard posts, quizzes, exams completed etc. to provide a last date of attendance.

11. Click **Save** located at the bottom of the page to submit grades.

12. You will receive a confirmation message at the top right corner of the page if the grade submission was successful.

13. Please also review the bottom of the screen for any additional pages that may exist for your roster. Before moving on to the next page in your roster, **make sure you have saved any entered grades on the current page.**

14. Once all grades have been successfully submitted for your roster, the status under the **Grading Status** column will be noted as **Completed**.

Note: You will also notice a **Rolled** column which indicates whether the course grades have been rolled/posted to the students' academic records. The Rolled column does not require any action from faculty so the Grading Status column should be the only column referenced when attempting to review your grade submission progress. The Rolling of grades is managed by the Office of the University Registrar and this process is run after the grading submission deadline. Once the rolling process has been completed, the status under the Rolled column will be noted as Completed. At that point, instructors will no longer be able to submit grades via Assist and will need to submit a grade change form for any needed grade updates.
