Our brand and visual identity are integral to The University of Texas Rio Grande Valley (UTRGV) experience; they are as central to the university as “the burning letters,” Bronc Trail, or the architecture on campus. These symbols are critical to promoting UTRGV, building lifelong affinity among our students and alumni, and uniting the entire campus community. This brand and identity guide has been crafted with these goals and the overarching reputation of the university in mind.

Our updated brand and identity standards and logo system align with the university’s decision to strengthen the UTRGV brand by transitioning away from divergent or independent brands and logos. Always use the current official renditions of the UTRGV primary and secondary logos and update any older iterations of logos where they exist. Abiding by these standards ensures a unified, professional appearance across all communications and media.

Consistent application of the university branding program strengthens perceptions and reinforces public awareness of UTRGV, its colleges, schools, departments and other areas. When the logos are used properly with other elements of the branding program, a unique and effective visual style can be established. By presenting a cohesive and consistent identity to the public, our students and our key stakeholders, all areas of the university can benefit from one another’s success and collectively enhance our reach and reputation.

University Marketing and Communications (UMC) is responsible for ensuring the implementation of this new brand and style guide wherever our brand and visual identity are used. For any questions, please contact Creative Services at (956) 665-2741.

ABOUT UTRGV
The University of Texas Rio Grande Valley (UTRGV) was created by the Texas Legislature in 2013 as the first major public university of the 21st century in Texas. This transformative initiative provided the opportunity to expand educational opportunities in the Rio Grande Valley, including a new School of Medicine, and made it possible for residents of the region to benefit from the Permanent University Fund—a public endowment contributing support to the University of Texas System and other institutions.

UTRGV has campuses and off-campus research and teaching sites throughout the Rio Grande Valley including in Boca Chica Beach, Brownsville (formerly The University of Texas at Brownsville campus), Edinburg (formerly The University of Texas-Pan American campus), Harlingen, Port Isabel, Rio Grande City, and South Padre Island. UTRGV, a comprehensive academic institution, enrolled its first class in the fall of 2015, and the School of Medicine welcomed its first class in the summer of 2016.

CAMPUS & SITES
UTRGV is a distributed institution made up of numerous campuses and sites across the Rio Grande Valley. Use the appropriate name from the following list when identifying specific campuses or sites:

- The University of Texas Rio Grande Valley Edinburg Campus
- UTRGV Edinburg Campus
- The University of Texas Rio Grande Valley Brownsville Campus
- UTRGV Brownsville Campus

**DO NOT use hyphens, such as in these examples: The University of Texas Rio Grande Valley—Edinburg; UTRGV—Edinburg; UTRGV—Brownsville campus, or similar configurations.**

- UTRGV Harlingen Clinical Education Site
- UTRGV McAllen
- UTRGV Port Isabel School of Earth, Environmental and Marine Sciences
- UTRGV Rio Grande City
- UTRGV SPI Coastal Studies Lab
- UTRGV Stargate
- UTRGV Weslaco Center for Innovation and Commercialization (CIC)

UNIVERSITY NAME
The University of Texas Rio Grande Valley is the official name of the university.

The University of Texas Rio Grande Valley should always be used in first reference in all formal communications. “The” is part of the name and should always be included, uppercase, in first reference. Second reference of the university name will be abbreviated as UTRGV. Do not use hyphens in the university name e.g., UT-RGV.

The official university name in Spanish is La Universidad de Texas de El Valle del Río Grande.

ACADEMIC DEPARTMENTS & ACADEMIC UNITS
Specific departments and academic units are capitalized when referred to by their official names. Examples: Department of Biology, College of Liberal Arts, Office of the President, MBA Program, etc. Lowercase examples: biology department, the college, president’s office, the program, etc.

On first reference, refer to the full name of the division (e.g., Division of Institutional Advancement, School of Medicine, the Department of Mathematics, the Office of University Marketing and Communications) using uppercase style. When the antecedent is absolutely clear, on subsequent references, use lowercase “school,” “department,” “office,” etc.

AMPERSAND (&)
The ampersand (&) character is part of the official secondary logo for UTRGV colleges and departments and should always be used in secondary logos. However, the ampersand should not be used in place of “and” in written communications.

In matters of editorial style, the prevailing standards for university publications of a promotional nature shall be those of the Associated Press (AP) Stylebook and the UT System and UTRGV editorial style guide.
GONFALONS PROMOTIONAL ITEMS

At UTRGV, each college has a custom-designed banner, called a gonfalon, to represent it at special ceremonial events such as Commencement, Convocation, Pinning Ceremony, and White Coat Ceremony.

Gonfalons are to be used exclusively at these ceremonial events. However, colleges can provide the following items with the gonfalon image:

- Memory stole
- Lapel pin
- Lanyard

GRANTS

All grants processed by Grants and Contracts, Office of Sponsored Projects, or Institutional Advancement (private grants) are subject to follow university logo and brand guidelines.

Grants requesting the creation of a logo must use the university’s secondary logo system. A secondary logo can only be produced by University Marketing and Communications. Customized logos are NOT permitted.

When branding for partnerships, sponsorships, collaborative events or initiatives, and overall university branding is required, you must consult University Marketing and Communications for guidance and approval.

If your grant language requires a creation of a customized logo, contact University Marketing and Communications in advance before applying for that grant so we discuss solutions.

UOMC REVIEW

As overseers of the brand, University Marketing and Communications must consider these factors:

- Logo and brand guidelines.
- Accessibility issues (must avoid at all costs).
- Current marketing campaigns.

University Marketing and Communications, not clients or vendors, is responsible for using the brand across the university and promo items. University Marketing and Communications must review promo items created by vendors. Send files to umcreview@utrgv.edu.

University logo MUST never be modified. This page contains some of the most common logo violations. Modified logos won’t be approved for use. Secondary logos can ONLY be produced by University Marketing and Communications.

NEVER CHANGE COLORS.

DO NOT DISTORT.
Never squeeze, stretch or distort the logo. Always scale it proportionally.

NEVER USE SPECIAL EFFECTS.

LATTICE SYMBOL
• Lattice symbol cannot be smaller than .5 inches. If lattice symbol is smaller than .5 inches, use logo without it.
• Never use the lattice symbol by itself or included in another logo.

NEVER ALTER THE LOGO OR ANY VISUAL ELEMENTS.
• Never change fonts
• Never combine university logos
• Never create your own logo
• Never modify the layout
• Never redesign any element of the logo
• Never add elements to the logo, such as punctuation marks, or additional illustrations.
• Never use the R by itself or include it in another logo
• Never use the RGV by itself or included in another logo

LOGO PROPORTIONS
A minimum space between the logo and other elements, including the canvas, must be maintained to ensure optimal visual integrity. The safe zone for the University logo is determined by positioning the T as pictured below. Logo cannot be printed less than .75 inches wide.

Always have a minimum clear space of .5 inches around the logo.
STUDENT ORGANIZATION LOGOS

OFFICIAL UNIVERSITY-FUNDED STUDENT ORGANIZATIONS:

Official university-funded student organizations must work under the guidance and approval of their departmental advisors to choose between one of three different options for their logo:

Option A: Academic Secondary Logo,
Option B: Spirit Secondary Logo, or
Option C: A Non-UTRGV Trademark Logo

- While official university-funded student organizations may choose any of these options with the approval of their departmental advisors, only one logo must be chosen. **Once a logo has been chosen, the student organization will only use the selected logo.** Official university-funded student organizations may not use multiple logos and visual identities that change based on context, use, audience, etc.

- If Option A or Option B is selected, no alterations are permitted. These options are part of our official brand identity and logo system and are standardized. Logo usage will follow the same parameters as university departments, colleges, divisions, etc.

- University Marketing and Communications creates all secondary logos using our official marks. While University Marketing and Communications generally does not create custom logos for student organizations (Option C), we are happy to make an exception and assist the select funded student organizations that want to go down that path. Otherwise, University Marketing and Communications can provide student organizations with feedback on their logo creation, as desired.

- University Marketing and Communications will provide student groups and departments with guidelines and examples on how to represent multiple departments collaborating on events in a marketing piece.

- University Marketing and Communications will also be able to provide student groups with color variations of the updated or new logos to cut costs when printing.

- University Marketing and Communications can assist in ensuring branding guidelines are being followed and there are no trademark infringements or other issues that could affect licensing and printing process.
STUDENT ORGANIZATION LOGOS

UNIVERSITY NON-FUNDED STUDENT ORGANIZATIONS: TEMPORARY ORGANIZATIONS (NEW STUDENT ORGANIZATIONS) REGISTERED STUDENT ORGANIZATIONS (RSO):

Temporary or registered student organizations have much freedom in the design of their logo. However, design restrictions consider how these organizations reference their affiliation to UTRGV without using any university trademarks.

- A student organization (temporary or registered) may not use the primary or secondary UTRGV logos (Spirit Mark, Academic Mark, or any other trademarked graphic) and may not modify or redesign any of those marks as part of their logos.

- The proper way to indicate they are affiliated with UTRGV is to add “at UTRGV” or “at The University of Texas Rio Grande Valley” at the end of their student organization name. The name should be in generic / standard font. The university name shouldn’t be stylized or given a graphical text treatment. Both the fully spelled out university name or initials version need to have the “TM” symbol.

- A student organization (temporary or registered) may opt not to indicate they are affiliated with the University (“at UTRGV” or “at The University of Texas Rio Grande Valley), under the risk of not being related to the university.

- If a student organization uses UTRGV affiliation reference (“at UTRGV” or “The University of Texas Rio Grande Valley), it must use licensed vendors to print promo items, due to university name being trademarked.

- We encourage student organizations to use the University’s colors when creating their logos and visual identities.

This page contains the letterhead and business-size envelopes for any college, department or similar academic unit in the university.

Since UTRGV is a distributed campus, many offices will need to include all three main campus addresses. For offices in outer buildings, please include the main campus address and your building abbreviation and room number.

NOTE: No department or unit other than the University Print Shop can lay out letterhead. If you need to order letterhead or envelopes, or you need a copy of your digital letterhead, contact University Print Shop at 956-665-5252 or print_svcs@utrgv.edu.

If you have questions, please contact University Marketing and Communications.
BUSINESS CARDS

Business cards have been designed with three options for the front: choose the option that best suits the amount of contact information each card will contain. For the back, you may choose UTRGV Orange or UTRGV Gray.

Note, the UTRGV standard business card does not include a street address. This is intentional. In some special situations, an address will be included on the card, but this is the exception, not the rule.

A foldover card (not shown here) is available if three full addresses are needed.

If you have questions, please contact University Marketing and Communications.

NOTE: For all UT Health RGV and GME business cards, reference the UT Health RGV Style Guide.

CARD A:
This option is for anyone using only 2 contact numbers. Select 2 of the following options:
- o=office
- c=cell
- d=department
- f=fax
No address is specified

CARD B:
This option is for anyone using only 2 contact numbers AND a specific address. Select 2 of the following options:
- o=office
- c=cell
- d=department
- f=fax
Specify an address using a building abbreviation and room number (i.e. EACSB)

CARD C:
This option is for anyone using one telephone number and no specific address.

CARD D:
This option is for anyone using multiple titles.

NOTE: For all UT Health RGV and GME business cards, reference the UT Health RGV Style Guide.

Suffix Notes
The suffix area of the name line is reserved for academic degrees (e.g., Ph.D., Ed.D., M.D., and so on). If your name includes a suffix such as Jr. or III, please include it before the comma.

The Vaquero is the official UTRGV mascot. It should not be altered in any way. No unit within the University can use any other character, animal, or thing as their intentional or de facto mascot.

Mascot may be used on marketing pieces where it fits within creative concept and marketing purposes. When used, the mascot must be implemented as a decorative element on a design when appropriate. Don’t use to communicate things that have a negative connotation or aren’t related to spirit like payment deadlines, rebukes/admonishments about rules, etc.

Please see examples below:

Mascot can be used to promote positive messages such as:
• Mascot promoting a new item at the spirit store
• Inviting students to get tickets for a basketball game.
• Promoting positive – campus spirit-oriented things.

Mascot must not be used to promote messages such as:
• Reminding students to pay parking tickets
• General reminders or to convey certain rules or regulations.

**MASCOT - INDIVIDUAL ELEMENTS**

When the mascot is not required to be used in its full form, the elements shown on the right of this page are the ONLY approved options that can be used. **NOTE:** Mascot individual elements can only be used with University Marketing and Communications approval.

**MASCOT GRAPHIC VIOLATIONS**
• Do not modify
• Never create another version
• Do not change colors
• Do not mix with other logos
• Do not adorn
• Never use special effects

**NOTE:** The Mascot can only be used with University Marketing and Communications approval. For questions, please contact: umcreview@utrgv.edu.
At UTRGV, each college has a custom-designed banner, called a gonfalon, to represent it at special ceremonial events such as Commencement, Convocation, Pinning Ceremony, and White Coat Ceremony.

Gonfalons are to be used exclusively at these ceremonial events.

However, colleges can provide the following items with the gonfalon image:

- Memory stole.*
- Lapel pin.*
- Lanyard.*

* Samples on next page.
GONFALONS PROMOTIONAL ITEMS

COLLEGE-BASED STOLES
Stoles are a decorative vestment worn by students in respect to the specific college they are graduating from. These are the official stoles to be used at commencement by each college. Front and back samples can be seen below.

COMMENCEMENT STOLE TEMPLATES
Any organization requesting its own stole can use any of these five approved templates.

NOTE: If an organization does not use one of these approved templates, it cannot use official university colors, logos or names* in its stole design.

*Names include the following: The University of Texas Rio Grande Valley; UTRGV; official names of UTRGV colleges.

For questions, please contact: umcreview@utrgv.edu.
Avatars must follow UTRGV brand guidelines. UMC can provide a fillable template to create your avatar. If you decide to create your own, you must think of legibility in small sizes, especially on mobile devices. The guidelines below ensure UTRGV brand compliance and accessibility.

- Avatars may use the orange, gray, or white colors from UTRGV’s primary color palette.
- Acronyms are not permitted; write the unit’s name entirely.

**OPTION A - PLAIN UNIVERSITY AND UNIT NAME**

- University name and unit name must be in plain text. This approach is not considered an official secondary logo.
- All unit names must be fully spelled out.

**OPTION B - PHOTO WITH UTRGV IN PLAIN TEXT**

- Units are encouraged to use photos that associate with their mission. Please avoid using photos of buildings. Add “UTRGV” in plain text to the image when using a photo.
Your cover photo (also known as header photo) is the image that is displayed at the top of your profile on Facebook or Twitter. Cover photos can only be produced by University Marketing and Communications.

**OPTION A - BANNER WITH SECONDARY LOGO**
- Use initials version of the official secondary logo.
- Units assigned a secondary spirit logo cannot use secondary academic logo and vice versa.
- Background available in orange, gray and white.

**OPTION B - UTRGV CURATED PHOTOS**
- The cover photo is a wonderful opportunity to highlight UTRGV’s unique identity, and so we have curated a number of options for your use.
  
  Download Here

**OPTION C - PHOTO RELATED TO THE UNIT**
- Units are encouraged to use photos that associate with their mission. Using a single image across all social media channels builds recognition among audiences and should not be changed over time.
- Photos of buildings are not recommended.
Accessibility in graphic design is of paramount importance as it ensures that information and visual content can be comprehended and appreciated by a wide range of individuals, regardless of their abilities or disabilities. Designers must create materials that are inclusive and usable for everyone, including those with visual, auditory, motor, or cognitive impairments. When accessibility is prioritized, it not only promotes social inclusion but also adheres to legal requirements and ethical standards. Accessible design often leads to better user experiences for everyone, enhancing usability and engagement.

COLOR

Proper color choices can improve text readability and legibility. For example, ensuring there is enough contrast between text and background colors makes content easier to read, especially for those with low vision or other reading difficulties.

TEXT

The choice of font can significantly impact the readability of text. Fonts with clear, well-defined letterforms and appropriate spacing between characters are easier for everyone to read, including those with visual impairments. Sans-serif fonts, such as Arial or Helvetica, are often preferred for their simplicity and legibility.
